# Who we are

Founded in 2014, as part of the Coingaming Group, Bitcasino is a leading bitcoin-led casino operator.

Bitcasino has an expansive, quality casino product featuring more than 2,700 games, including slots, table games and live dealer casinos from some of the industry's leading suppliers. Their innovative platform, new features and rewards are all developed in-house using player feedback to directly shape and create the ultimate user experience.

Pioneering the way for original, fair rewards, Bitcasino is the first crypto casino to withdraw its welcome offer in favour of the unique, custom-built Loyalty Club allowing players greater control over their gaming.

Bitcasino prides itself on its enjoyable and trustworthy casino and gaming service, with withdrawal times of around 1.5 minutes among the fastest in the industry and cutting-edge security measures in place.

A promotional banner for Bitcasino.io. The background is dark purple. On the left, the Bitcasino.io logo is displayed. Below it, a white box contains the text "Welcome to world's 1st licensed Bitcoin casino!". Further down, the text "Get started instantly with your 1,500+ mBTC welcome package!" is shown. Below this, a list of three bullet points highlights features: "One of the most advanced gaming environments", "Limitless 25% reload bonuses", and "Over 1,000 video slots and casino games in store". At the bottom left, there are two buttons: "Sign up now!" and "Tell me more". On the right side of the banner, there is a colorful illustration of three cartoon characters: a bearded man in a hat, a man in a suit, and a woman in a red cape, surrounded by glowing magical effects.

Bitcasino.io

## Brand Values

**Fun** - We aim to innovate every step of the way. We have a huge selection of games from the world's most popular suppliers, as well as up-and-coming game studios.

**Fast** - Our withdrawal times are lightening speed compared to fiat operators. In fact, we handle over 10 million transactions weekly in Bitcoin alone.

**Fair** - Blockchain technology keeps our transactions secure and allows transparency for our players that wouldn't be possible with traditional banking.
